Mel-Ray Ind	lustries	now pro	udly off	fers Saa	ti Hi-Dro	o Mesh	(compar	es to S-mesh)
Size	110	125	140	155	200	230	305(Hi-R)	- Better ink cove
20x24	17.99	17.99	17.99	18.25	18.99	19.75	24.75	- Faster print sp
23x31	21.25	21.75	21.75	21.75	22.99	25.25	28.75	<ul> <li>Less tendency</li> <li>Plasma treated</li> </ul>

Great for printing fine detail or with water-based inks!

- Better ink coverage with reduced ink consumption
- Achieve better details & halftone performance
   Faster print speeds and reduced squeegee pressure
- Less tendency for water-based inks to dry in screen
- Plasma treated to improve stencil adhesion & durability
- 305 Mesh is Hi-R, which also has a reduced thread size but is not as small as the Hi-Dro for increased durability
